

Here are some clarifying questions to help me create the best estimate:

- Tent: Do you prefer a standard tent or a sail cloth tent?
- Tables: For guests-do you prefer rectangle or round tables? or a combination of both or farm tables
- Linens: Do you want linens? Floor length or lap length
- Chairs: Plain white (metal frame with plastic seat and back), White garden chairs, Fruitwood wooden garden chairs
- Ceremony: do you want need additional chairs for the ceremony-if so what kind or we have benches (seats up to 5)
- Dance floor: Do you want one and if so do you have a preference on how big?
- Band or DJ: will you need space for a band? Do you need a stage? if so how big?
- Other tables/areas: Do you need a bar? Hightop tables? A drinks table (coffee, iced tea, water etc), buffet tables? cake/dessert table? gift/guestbook? Other?
- Are you thinking of a head table-how many? Sweetheart table? Captains table-how many? regular table that bride or groom sits at with others?
- Do you want linens for these tables that are different then the ones for seating?
- Lighting: How much light do you want or need? Is the event lasting into the evening?
- Tabletop items: Do you know if you need any dinnerware, flatware, glasses, family style platters/bowls, chafers, coffee pots or drink dispensers
